

## Normandy Park Police Department

June 21, 2012

### **Crimemapping.com**

The Normandy Park Police Department, through Fife Police, is now able to post their crime reports online at [www.crimemapping.com](http://www.crimemapping.com). The Fife Police Department handles Dispatch and Records Management services for the Department and they recently purchased a licensing agreement with The Omega Group to provide this mapping service. The Omega Group's software will pull all Normandy Park Case Reports and plot them on a map of Normandy Park. There is limited data that is included, but it gives the citizens of Normandy Park an idea of what is occurring in their city. Please keep in mind this is a list of Case reports only and does not reflect all calls for service from the Police Department. When you visit the website, select Washington on the map and then click on Normandy Park. You can adjust the time frame by clicking on the date near the top of the screen.
